

# Popcorn Hour B-110 Motherboard Layout Diagram

- |   |                      |
|---|----------------------|
| 1. UART1                                | 14. CPU Fan          |
| 2. Reset button                         | 15. IR jack          |
| 3. UART0                                | 16. Ethernet port    |
| * 4. LCD connector                      | 17. USB ports        |
| 5. LED, Power & Reset Switch connectors | 18. HDMI             |
| * 6. FIP connector                      | 19. Composite Video  |
| 7. USB connector                        | 20. S-Video          |
| 8. IDE connector                        | 21. Component Video  |
| 9. SATA connectors                      | 22. 7.1 Analog Audio |
| *10. mini-PCI slot                      | 23. Co-axial S/PDIF  |
| 11. Boot up option (J31)                | 24. Optical S/PDIF   |
| 12. ATX main power supply connector     | 25. Analog Stereo    |
| 13. CPU fan voltage selector (J44)      |                      |

\* Note : LCD, FIP & mini-PCI WiFi modules will be available as upgrade options from Popcorn Hour in the future.
